

CU-AAT
An alternative to apply for
undergraduate international and English programs
at Chulalongkorn University

What is CU-AAT?

Chulalongkorn University Academic Aptitude Test (CU-AAT) is an academic aptitude test developed by Chulalongkorn University to select candidates for the undergraduate international and English programs. High school or equivalent to high school students who are interested in studying for a bachelor's degree in any of Chulalongkorn University's international and English programs must take the CU-AAT or equivalent tests. (Check for details in the websites of the programs.)

What does CU-AAT test?

CU-AAT consists of two parts: the mathematics part and the language part.

The Math Section

Test time: 70 minutes

Number of questions: 55 questions

There are 3 sections in the math part. Each section tests the ability in:

- Arithmetic
- Algebra
- Geometry
- Problem solving

Only non-programmable/non-graphic calculators are allowed in doing the questions.

The Verbal Section

Test time: 70 minutes

Number of questions: 55 questions

Section 1: Critical Reading includes

Sentence completions

Passage-based reading

Section 2: Writing includes

Improving sentences

Identifying sentence errors

Improving paragraphs

The language part tests the ability in:

- Understanding how the different parts of a sentence fit logically together
- Finding the meaning of vocabulary in context
- Identifying sentence errors
- Improving sentences and paragraphs

Dictionaries are not allowed in doing both parts of the test. **For each wrong answer, .25 point is deducted.** All questions are in the multiple-choice format.

When can I take CU-AAT?

The test is offered four times a year. Applicants must **register online** only for taking the test at *www.atc.chula.ac.th*.

Test Dates	Registration Periods
1/2007 : July 15, 2007	June 5 - 28, 2007
