**REMARKS: See Below the Instructions for Additional Documents Requested by the Partner Universities.**

1. The students who have been selected for the exchange program should prepare additional documents as required by the designated partner university, and they must strictly comply with those requirements. The students should submit all the application documents required to the partner university or the OIA (Office of International Affairs and Global Networks), and the OIA will subsequently forward them to the partner

university. Late submission will not be accepted, so the students should carefully note the designated partner university's application deadline. (Note that it may take 7 – 10 workdays for international postal services.)

2. The OIA reserves the right to withdraw any applicant(s) from taking part in the program if submitted documents are found inaccurate.
3. Acceptance of an applicant as an exchange student is decided by the partner university overseas and the decision is deemed final.
4. The application reviewed by partner universities generally takes 2 to 4 months. The OIA will inform the students of the results when they are released.
5. Students cannot withdraw from the Outbound Student Exchange Program with CU Partner Universities (University-level) after receiving acceptance from the partner university.
6. The students should not make any travel arrangement prior to receiving an official acceptance letter from the designated partner university.
7. The student exchange policy may change if Chulalongkorn University cancels the aforementioned announcement (May 24, 2021) and issues a new announcement which is more appropriate to the COVID-19 infection situation. Therefore, if a student is accepted to the student exchange program, this does not guarantee that he/she will be able to go abroad. This will depend on the decision and the consideration of the COVID-19 Emergency Operation Center Committee of Chulalongkorn University.

Announced on March 17, 2022
