# PROGRAM BRIEF

**Airlangga Adventure: Protecting Marine Biodiversity** is an immersive summer program jointly organized by Universitas Airlangga. This program offers a unique and intellectually experience, centered around the theme of "**Protecting Marine Biodiversity**." Participants will engage with pressing issues related to the degradation of marine habitats. Through this initiative, the program aims to promote actionable strategies for conserving coral reefs, protecting endangered species, and mitigating the environmental impacts of human activity on the oceans. By combining scientific inquiry with practical conservation efforts, This program seeks to cultivate a new generation of global citizens dedicated to the stewardship of marine biodiversity.

Following the successful implementation of the program in 2024, Universitas Airlangga is set to reprise the **Airlangga Adventure: Protecting Marine Biodiversity** in 2025. This continuity underscores the program's commitment to addressing ongoing environmental challenges and its dedication to advancing global awareness and action towards the conservation of marine ecosystem.

# AIRVENTURE 2024

# MAIN ACTIVITIES

## Surabaya

- **Faculty of Veterinary Medicine**

The Faculty of Veterinary Medicine will focus on providing courses related to the program subject, providing an academic experience of learning on a local campus with local students.

- **Surabaya City Tour**

Program participants will be led around the Surabaya City with the route: Heroes Monument Museum and Old Town to explore the diversity of Indonesian culture.

- **Mangrove Conservation Area**

In this agenda, participants will take part in a Mangrove planting workshop together with local caretakers, who will provide material related to the importance of mangroves for marine ecosystems.

## Banyuwangi

- **Sea-Turtle Foundation**

This is an organization focusing on saving sea turtle hatchlings. Participants will be given a course on turtle breeding and practice for turtle release at Banyuwangi beach.

- **Bangsring Underwater – Coral Workshop**

Participants will take part in a coral cultivation and planting workshop at Bangsring Underwater. Afterwards, students can join the snorkeling activity.

- **Group presentation**

Participants will be divided into several groups (consisting of local and international students) identifying the issue given by the lecturers and providing the solutions.

# Support SDGs

This program raises a SDG theme number **14: Life Below Water** **“Conserve and sustainably use the oceans, seas and marine resources for sustainable development”** particularly on this following target:

14.2. Sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans

# Requirements

## Number of receiving international students per university

- 2 students per AUN university member

## Number of receiving international students per country

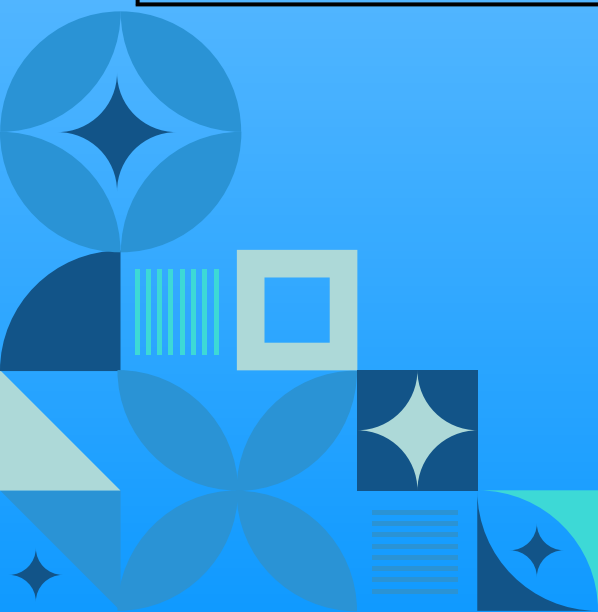

- 10 students per country

## Eligibility

- Undergraduate students
- Minimum GPA 3.00/4.00
- Have a fair command of English
- Academic IELTS Test, overall score: 6 or above;
- The TOEFL® Test, min. 550 (paper-based), 75 (iBT)

Program Coverage	Students Cover

# Proposed Timeline

11 – 25 August 2025

## Online

- 11 – 13 August 2025

## Onsite

- 15 – 25 August 2025

### Open Application

1 March 2025

### Nomination Deadline

1 July 2025

### Application Deadline

8 July 2025

### Announcement / LOA

14 July 2025

### Confirmation Letter

18 July 2025

### Visa Process

19 – 31 July 2025

# Proposed TENTATIVE

## Day 1, Monday 11 August 2025 (online)

Predeparture orientation

- Program briefing
- Visa matters
- Living in Surabaya

## Day 2, Tuesday 12 August 2025 (online)

- Introductory Course 1: Surabaya and its Landscape
- Introductory Course 2: Learning Bahasa Indonesia

## Day 3, Wednesday 13 August 2025 (online)

Meeting with local students

## Day 4, Friday 15 August 2025 (offline)

Participants' arrival in Surabaya, Indonesia

## Day 5, Saturday 16 August 2025 (offline)

- Course 3 : Green Leadership
- Campus tour (campus C tour)

## Day 6, Sunday 17 August 2025 (offline)

Joining Indonesian Independence Day Flag Ceremony and traditional games

# Proposed TENTATIVE

## Day 7, Monday 18 August 2025 (offline)

- Course 4: Environmental Health
- Surabaya city tour

## Day 8, Tuesday 19 August 2025 (offline)

- Course 5: Marine Wildlife
- Workshop in Mangrove Conservation Area

## Day 9, Wednesday 20 August 2025 (offline)

- Course 6: One Health
- Batik Workshop
- Heading to Banyuwangi

## Day 10, Thursday 21 August 2025 (offline)

Workshop in Coral Conservation

## Day 11, Friday 22 August 2025 (offline)

Workshop of Sea-turtle Conservation

Proposed

# TENTATIVE

## Day 12, Saturday 23 August 2025 (offline)

Last session: Project presentation, Closing ceremony and cultural performance

## Day 13, Sunday 24 August 2025 (offline)

Heading back to Surabaya

## Day 14, Monday 25 August 2025 (offline)

Heading back to home countries

# Everyday Transportation

**1-2 units of UNAIR Flash Bus**

There will be at least 2 buddies per day per bus (assisting in picking up the participants from hotel to campus, site visits, field trip, and else)
